Professional Summary

Results-driven Frontend Developer with hands-on experience in building scalable, high-performance web applications and improving SEO visibility. Proficient in React.js, Next.js, and Tailwind CSS, with strong expertise in API integration and CI/CD automation for efficient deployments. Demonstrated success at Fatafat Sewa enhancing UI performance, optimizing SEO rankings, and streamlining frontend workflows. Committed to creating intuitive, performant, and maintainable web solutions that align with modern development standards.

Work Experience

Frontend & SEO Intern — Fatafat Sewa

📅 March 2025 – August 2025 | Kathmandu, Nepal

- Developed and maintained responsive UI components using React.js and Tailwind CSS, ensuring consistency across devices.
- Implemented SEO best practices to boost search visibility and user engagement.
- Integrated RESTful APIs from the backend to optimize data flow and state management.
- Automated deployment processes using CI/CD pipelines (GitHub Actions + Vercel) to improve delivery speed.
- Collaborated closely with backend and design teams to deliver production-ready features.
- Conducted performance audits to reduce load times and enhance Lighthouse accessibility scores.
